GERMAN OFFER IS UNSATISFACTORY

United States Rejects Plan to Settle Lusitania Case.

ANOTHER PROPOSAL COMING

Secretary of State Lansing and Ambassador von Bernstorff Will Continue to Confer on Situation—Form of Agreement Is Acceptable in Many Particulars.

Washington, Jan. 26.—The United States is understood to have rejected as being partially unsatisfactory Germany's latest proposal in the Lusitania negotiations.

Secretary Lansing, with the approval of President Wilson, is said to have so informed Count von Bernstorff, the German ambassador, during a conference at the state department.

The ambassador will confer again with the secretary. It is understood he will then submit another confidential tentative proposal for a settlement, having embodied in it the requirements of the United States.

After being considered by the president and Secretary Lansing the matter, unless present plans miscarry, will be transmitted to Berlin for the approval or disapproval of the German government.

Five or six days may elapse before it is known whether the Berlin foreign office will assume a view which coincides with that of the administration.

It is considered probable that the ambassador may forward some recommendations with the tentative form of settlement, which, it is said, will contain every point for which the United States has for so long contended.

In many particulars the suggested form of agreement, designed to conclude the controversy, which was submitted through the ambassador is acceptable.

It was stated by excellent authority, however, that the United States insists upon holding the German government to a "strict accountability" for the loss of more than 100 American lives and desires that the Berlin government admit, in effect, that it is liable, according to law, for the lives of the neutrals lost in the commission of an act against a vessel of the enemy.

Both Secretary Lansing and Count von Bernstorff have agreed that the subject of their conversation should be held confidential.

They allowed it to become known that another conference would be held, but beyond that declined to discuss the case for publication.

LABOR WILL DEFINE POSITION ON DRAFT

Bristol, Eng., Jan. 26.—British labor will define its position toward the war and military compulsion at the most momentous conference ever held in Great Britain, opening here under the presidency of William Crawford Anderson, member of parliament for the Attercliffe division of Sheffield.

More than 2,000,000 Laborites will be represented, among them about 30,000 Socialists, whose anti-war sentiments have been very strong, assisted by an extensive propaganda.

The position to be taken by the miners is considered one of the most interesting features of the conference, a large number of these workers being opposed to compulsory service.

The Women's Labor league conferred and adopted resolutions against the military service bill, welcoming peace mediation and favoring the establishment of an international arbitration court.

HARD FIGHTING ON THE WESTERN FRONT.

London, Jan. 26.—The morning papers emphasize the renewal of heavy fighting on the western front. They believe there was a serious German attempt to break through the French lines close to the Flanders coast Monday and predict that German activity in the west probably will reach its height Thursday, when the German emperor celebrates his fifty-seventh birthday.

Trains Crash: Twelve Hurt.

Middletown, N. Y., Jan. 26.—A dozen passengers were injured, none fatally, when a freight train crashed into the rear end of the eastbound Erie express No. 3 at Port Jarvis.

PREMIER BRIAND.

Speech Throws French Chamber Into Disorder.

DEPUTIES BECOME EXCITED

Premier Briand's Speech Throws Chamber Into Turmoil.

Paris, Jan. 26.—The chamber of deputies, by a vote of 394 to 138, sent the censorship bill to committee.

This bill provides that all publications must be communicated to the government before being offered to the public, but the censor shall have the right to suppress only such unofficial matter as refers to military operations and diplomatic negotiations, the disclosure of which would be harmful to the national defense.

Premier Briand, on making an impassioned speech in the chamber of deputies in defense of the censorship by the French government, encountered interruptions and at one time lively protests.

Paul Deschanel, president of the chamber, was obliged to request the deputies to respect freedom of speech before the premier could resume his address.

FOREIGN TRADE IS INCREASED BY WAR

New York, Jan. 26.—The effect of the European war on the imports of the country is indicated in the annual report of the New York Chamber of Commerce, made public, showing that exports at the port of New York for the fiscal year of 1915 exceeded the imports by \$264,622,576, as against an excess of imports over exports in 1914 of \$99,742,746.

New York's share of the total foreign commerce of the United States in 1914 was 46.59 per cent. The average was 47.85 per cent in the ten years from 1900 to 1910.

The total foreign commerce of New York in 1915 was \$2,255,672,244, an increase of \$176,296,247 over 1914. That of all the other ports of the country was \$2,584,932,250, an increase of \$141,924,627 over the preceding year.

BATTLE LASTED SIX HOURS

Turks Report Defeat of British Relief Column.

Berlin, Jan. 26.—The British force going to the relief of the troops surrounded by Turks at Kut-el-Amara attacked the Turkish positions near Menlari Jan. 21, but were repulsed after an engagement lasting six hours, according to an official report issued by the Turkish headquarters staff.

The British, the announcement says, left 3,000 dead on the field.

INTIMATE OF KAISER DEAD

General Viktor von Podbielski Succumbs at Berlin.

Amsterdam, Jan. 26.—General Viktor von Podbielski, former postmaster general and a close friend of Emperor William, is dead in Berlin at the age of seventy-one years.

General von Podbielski was to have officiated as presiding general at the Olympic games which were to have been held in Berlin this summer.

Russia Frees Valuable Goods.

Washington, Jan. 26.—More than a million dollars' worth of goods has been released for shipment from Russia under the agreement recently reached for the export of certain articles of merchandise desired by American importers and held in Europe by a Russian embargo.

Sultan's Yacht Torpedoed.

London, Jan. 26.—A dispatch to the Exchange Telegraph company from Athens says that the sultan's yacht Arctonoxal was torpedoed in the Bosporus by a French submarine late in December. The vessel was seriously damaged, but is still afloat.

LATEST WAR NEWS

ENGLISH LABOR OPPOSES CONSCRIPTION

(By United Press)

Bristol, Eng., Jan. 26.—Six hundred delegates to the labor conference, representing two million workers, strongly oppose conscription. The conference opened this morning. The conference is very important on account of the fact that taxation and peace, also conscription, are scheduled for consideration.

GREEK PREMIER HAS RESIGNED

(By United Press)

Amsterdam, Jan. 26.—The seriousness of the Greek affairs is emphasized by a dispatch reporting that M. Gounaris would probably succeed M. Skouloudis as prime minister. M. Skouloudis recently resigned as prime minister and his resignation was not accepted. M. Skouloudis is an old man, and the king is convinced he needs a young man.

AUSTRIANS OCCUPY ALBANIAN SEAPORT

(By United Press)

Rome, Jan. 26.—The Austrians have occupied the Albanian seaport of Sangiovanni, and are pressing south to join the Bulgarians.

Devils Lake, N. D., Jan. 26.—Another blizzard is raging here with the thermometer twenty below, and a forty mile wind, with some snow.

Liner Beached, not Sunk

(By United Press)

London, Jan. 26.—The Dominion liner Norseman, which was reported sunk yesterday, was not sunk, but has been beached. There are no casualties among her crew.

NEWSPAPERS URGE GOVT. TO STAND PAT

(By United Press)

London, Jan. 26.—The newspapers urge the government to stand pat on its present blockade, but should not attempt a more stringent blockade on account of neutral opinion. The newspapers broadly hint that the stern protest raised by Sweden and the United States has cooled the ardor of the blockade advocates.

TURKEY BROKE WANTS PEACE

(By United Press)

Zurich, Jan. 26.—The newspapers state that three Turkish diplomats have arrived in Switzerland to prepare a Turkish peace scheme on account of the fact that Turkey is broke.

RELIEF EXPEDITION MEETS GREAT LOSSES

(By United Press)

Constantinople, Jan. 26.—It is officially announced that British troops attempted to relieve the besieged Kut-el-amara garrison, but ceased their attack after appalling losses.

Laboring Men Support Govt.

(By United Press)

Bristol, Eng., Jan. 26.—Two million laboring men have adopted a resolution pledging their support to the British government, and condemning atrocities. They refrained from mentioning conscription.

Boy in Murder Plot and Dancer he was to Wed

Miss Nellye De Onsonne

Herbert Urdike

Herbert Urdike is the young man accused in Chicago with his brother of a plot to murder his father, Furman P. Urdike. He is said to have made a confession prior to the final arrangements and let the police overhear a conversation with his brother Irving. The young man had just obtained a license to wed Miss Nellye De Onsonne, a cabaret dancer. The father was opposed to this match.

Lusitania Matter Being Considered

(By United Press)

Washington, Jan. 26.—Secretary Lansing and Ambassador Bernstorff conferred again regarding the Lusitania matter, and again refused to discuss the result of the talk. Whether any progress had been made adjusting the radical differences raised on account of the president's refusal to accept the German proposal in regard to the Lusitania is unknown. Those in close touch with the German situation insisted that a final adjustment was at hand and satisfactory to the United States government. The matter was practically settled. Ambassador Bernstorff said later.

Denmark Surely Will Be Neutral

(By United Press)

London, Jan. 26.—The war may disturb Sweden but Denmark will certainly remain neutral, officials here say. Denmark hates Germany because she took Schleswig-Holstein fifty-two years ago, but Germany could cross the boundary and overrun Denmark very quickly, hence she prefers neutrality. It is generally understood that Germany and England each get about half of Denmark's food exportation, so neither objects. A Danish ship carrying food to England is never torpedoed. Thus Germany and England both desire that Denmark remains neutral. Either nation would have a long shore line to defend if they conquered Denmark.

State Rests In Mohr Murder Trial

(By United Press)

Providence, R. I., Jan. 26.—The state rested in the Mohr murder trial. The defense opens this afternoon with Mrs. Mohr as the first witness.

DR. MARY WALKER.

Thinks American Women Can Prevent Rupture With Japan.

LET WOMEN PREVENT WAR

Dr. Mary Walker Urges That Fifty Feminists Be Sent to Japan.

Washington, Jan. 26.—"Japan is the only nation we need to fear and instead of the preparedness congress talks about sending fifty American women to talk to Japanese women," said Dr. Mary Walker to the house naval committee.

Secretary Daniels, in a letter read to the committee, said that to commission warships already built and authorized on a full war basis the navy would need 1,022 more officers by July 1, 1919.

MANN VOICES PLEA FOR PREPAREDNESS

(By United Press)

Washington, Jan. 26.—Republican leader Mann made a vigorous speech for national preparedness in the house, while all the Republicans and most of the Democrats applauded heartily.

"It seems the part of wisdom for us to prepare ourselves for any possibility of trouble that may come," was the keynote of the Republican leader's remarks.

"It is well known that I never have believed in a large standing army," he said, "and I probably might have been properly classed as a little navy man. But wise men ought to be able to peer distinctly into the future and prepare today for what might come tomorrow."

Mr. Mann declared the world is in the worst condition that any living person had ever seen it. He predicted that it might be many years before it is definitely determined whether one or the other, or neither side, can become master. He also scouted the permanency of a "paper peace."

"No one knows," he continued, "where the aggression on either side may lead us, perhaps not into this struggle, but into one which is the outcome of this."

NEW GERMAN AIR CAMPAIGN

Numerous Raids Made on English and French Towns.

London, Jan. 26.—Four German raids on English channel ports in forty-eight hours and the bombardment of numerous villages behind the French lines marks the inauguration of a new Teuton air campaign.

An official statement from the admiralty reported a raid by two German aeroplanes on the French seaport of Dunkirk. The admiralty added that a German aeroplane, possibly one of those engaged in the Dunkirk attack, was shot down by a British aviator at Nieuport, eighteen miles from Dunkirk and a short distance from the German lines.

The Dunkirk raid follows two aeroplane expeditions to English coast towns and an attempted attack on Dover in which the German was driven off by British airmen.

Indiana Double Tragedy.

Indianapolis, Jan. 26.—Louis Wundrum, forty years old, shot and killed his wife, aged forty-two, and then committed suicide at the Wundrum home here. Domestic trouble was said to be the cause of the tragedy.

TWENTY DEAD STORM TOLL

Property Damage Is Estimated at \$3,000,000.

San Francisco, Jan. 26.—Storms of rain and snow, which for a week have swept the Pacific coast, continue. The toll of human life taken by the storm is reported at a score or more. Property damage is reported to reach from \$2,500,000 to \$3,000,000 in Southern California and around Yuma, Ariz.

CLAIMS FIGURES MISLEADING

Anticipating an Important Debate in the House of Commons a Long Statement Is Issued Answering Statistics in London Daily Mail and Morning Post.

London, Jan. 26.—In anticipation of an important debate in the house of commons on the blockade question the British government issued a four-column statement challenging and refuting statistics recently published in the Daily Mail and the Morning Post concerning what those newspapers have declared the hugely increased imports into the neutral countries of Holland and Scandinavia since the beginning of the war.

Beyond this no attempt has been made to draw any conclusions from the figures given, neither is there a hint of any change in the government policy.

In fact, despite very decided expressions of opinion heard on many sides that the government may decide to declare an actual blockade, nothing official is known.

The statement points out that the Daily Mail's figures were all derived from the Danish daily commercial newspaper Borsen. In this connection it says the figures were greatly inflated by the inclusion of cargoes sent into the prize court.

Referring to the Morning Post's figures the statement says there are two general criticisms to be made of them.

The first criticism is that the statistics themselves are incorrect, differing from the American trade returns from which they purport to be taken.

Secondly, the statement says, the Morning Post's statistics completely ignore the fact that in normal times all neutral European countries obtain great supplies from Germany and Russia.

Blockade Urged by France.

London, Jan. 26.—France has urged England to declare an immediate blockade on Germany without waiting further protests from neutrals. The pronouncement of French officials has greatly strengthened the position of Lord Charles Beresford and other leading advocates of a stringent blockade decree.

DEPUTIES GUARDING SLAYER OF SHERIFF

Barron, Wis., Jan. 26.—Sheriff Matt Olson of Barron county was shot and killed by Wenzel Baranek, a farmer living near Cameron, when he attempted to arrest the latter at his home for the theft of a calf.

Armed guards patrol the vicinity of the county jail here, watchful for an attempt by friends of Olson to storm the jail and lynch Baranek. Feeling against the prisoner runs high.

When Sheriff Olson and Deputy Steve Hulbert called at the Baranek farm they attempted to enter the barn to search for the stolen calf. Baranek opened fire with a rifle from the house and Olson fell with a bullet through his heart.

Hulbert escaped and hurried to Barron, where he organized a posse of 200 men, armed with rifles, shotguns and revolvers. Meanwhile Baranek had obtained several rifles from the house, barricaded himself and family in the barn and had sent out word he would resist arrest to the last.

When informed by Acting Sheriff Pierce that resistance probably would result in the killing of both himself and the members of his family he agreed to surrender to Deputy Hulbert.

HOUSE PASSES ROAD BILL

Shackleford Measure, Carrying Fund of \$25,000,000, Goes Through.

Washington, Jan. 26.—The Shackleford good roads bill, carrying an appropriation of \$25,000,000 to aid the states in improving their postroads, was passed by the house, 281 to 81. Three members voted "present."

The states would share in the appropriation on the basis of their population and the number of their postroads.

The money would be disbursed through the various state highway commissions.

The Man with money knows it pays to bank money

Comfort, ease and elegance is his reward. He didn't get it in one day, or a week or a year. He didn't "strike it rich". He didn't have a rich relative die and leave it to him. He banked his money. The amounts were small at first, but he KEPT AT IT; then the amounts grew larger, opportunities came and the little sum he started with became a great big FORTUNE.

OLD-TIME COLD CURE—
DRINK HOT TEA!
Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.
Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

STATE COLLECTS DATA

Librarian Will Assemble Articles Relating to Game With Particular Reference to Protection

Miss Jennie Stillwell, in the office of Carlos Avery, game and fish commissioner of Minnesota, has been appointed librarian of the department and it will be a part of her official duties to assemble a library relating to bird, animal and fish life with particular reference to protection, propagation and distribution of all game animals and the preservation of song birds and fur-bearing animals, says the Little Falls Transcript.

It is particularly desired that all official publications relating to the subject be obtained and to that end Miss Stillwell will get in touch with state and federal game officials not only in America but abroad. Articles in newspapers, magazines and journals relating to game and allied subjects also are desired.

In return for contributions of literature Miss Stillwell is prepared to send out the latest number of "Fins, Feathers and Fur," the official bulletin of the state game and fish department. This contains a complete directory of the winter birdlife of Minnesota. The article is by Professor Thomas S. Roberts of the state university and describes 32 birds which are permanent residents of the state, 16 winter visitants, 10 half-birdy birds and 27 birds which occasionally or accidentally find themselves in Minnesota in winter.

Our Jitney Offer—This and 5c DON'T MISS THIS. Cut out this slip, enclose with five cents to Foley & Co., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup, Foley Kidney Pills and Foley Cathartic Tablets. H. P. Dunn.—Adv. mwf

Miss Jennie Wels left for Cedar Lake Friday where she expects to teach school for four months.

Tena Ferguson, the six year old daughter of Mr. and Mrs. C. Ferguson, died Tuesday morning after an illness of several weeks. The funeral will be at Pequot Thursday afternoon.

Chris Fritz was in Brainerd Saturday on business.

Fred Wels went to Pequot Saturday on business.

Ray Dally came down from Laporte Monday night to work for his brother for a few days.

OUR YOUNG WOMEN

are so often subject to headache—are languid, pale and nervous—because their blood is thin or insufficient. They are not really sick and hesitate to complain, but they lack that ambition and vivacity which is their birthright. They do not need drugs—but do need the tonic and nourishment in Scott's Emulsion that makes richer blood, fills hollow cheeks, suppresses nervousness and establishes strength. Nourishment alone makes blood and Scott's Emulsion is the essence of concentrated nourishment, free from wines, alcohols or opiates.

If mother or daughter is frail, pale or nervous, give her Scott's for one month and see the betterment. It has a wholesome, "nutty" flavor. Avoid substitutes. At any drug store.

Scott & Bowne, Bloomfield, N. J. 15-24

Drama League

At the business session of the Drama League held yesterday afternoon the following committee was appointed to ascertain the feasibility of giving a Shakespearean Pageant in honor of the tercentenary of the passing hence of the world's greatest dramatist: Chairman, Mrs. W. C. Cobb; Mrs. P. W. Donovan, Mrs. A. W. Ide, Mrs. B. J. Broady and Miss Anne Mahlum.

Leap Year Party

The Leap Year party given at the Methodist church on Tuesday evening was an unqualified success. There was a big crowd and the program was thoroughly appreciated by all. The "Trip Through the Art Gallery" was much enjoyed. In the guessing contest the first prize was won by Mrs. H. O. Gish and the second by Richard Warner.

Class of Hope

The Class of Hope of the Methodist Bible school will meet Thursday afternoon at 2:30 o'clock in the church basement.

Postponed Meeting

The meeting under the auspices of the W. C. T. U. will be postponed for a week on account of the storm.

Civics Class

The civics class of the Brainerd Musical club meets tonight with Mrs. W. C. Cobb. Supt. Cobb will give an informal talk on state elections.

WEARING SHORT NAMES

St. Paul, Jan. 26—Society folk of the Northwest are wearing their names shorter. Engravers, printers, hotel men, club room managers and society reporters today agreed to this. "Reginald Woodruffe Worthington" is now signing it just "R. W. Worthington." "Mrs. Rogers Marmaduke Handrome Wessington" is no longer using the name of all the husbands she may have annexed.

Little News O' the Day

Harrisburg, Pa., Jan. 26—Congressman Ralph B. Moss of Indiana, will discuss rural credits tonight at an open meeting of the thirty-ninth annual session of the State Board of Agriculture.

Albany, Jan. 26—Vital ecclesiastical issues will be discussed during the three days' convention of the provincial Synod of the Episcopal church, beginning here today with delegates from New York, New Jersey and Porto Rico and Bishop David H. Greer, New York; Bishop Chauncey P. Brewster, Connecticut; Bishop Edwin S. Lyons, New Jersey and Bishop Frederick Burges, Long Island, present.

Columbus, O., Jan. 26—The annual meeting of the Ohio Editorial association was held here today.

IN FIVE MINUTES! NO INDIGESTION, GAS OR SOUR, ACID STOMACH

The Moment "Pape's Diapiesin" Reaches the Stomach all Distress Goes

"Really does" put bad stomach in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that—just that—makes Pape's Diapiesin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment "Pape's Diapiesin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapiesin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back. It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or night. It's the quickest, surest and most harmless stomach regulator in the world.—Adv. t.

TODAY'S ODDEST STORY

Milwaukee, Wis., Jan. 26—The five Fromm brothers, Marathon county, Wisconsin, hunters since infancy, probably have the largest black fox farm in the world, and one of the five stays up all night every night with the foxes. Fifty foxes, worth \$2,000 each, are guarded both day and night by the brothers and a small army of watchdogs. The boys are all college men and also musicians.

Wilson Entertains for Ambassador Bernstorff

Washington, Jan. 26—President and Mrs. Wilson last evening entertained Count Johann von Bernstorff, ambassador from Germany, and representatives of the other central powers and ambassadors and ministers from a number of neutral countries. The dinner was the second of the two diplomatic dinners, instead of the single dinner usually tendered all the diplomats, made necessary this year on account of the war. The German ambassador, being next in rank in the diplomatic corps to Ambassador Jusserand of France, to whom the first dinner was tendered, was the guest of honor, accompanying Mrs. Wilson in to dinner and being seated at her right at table. Ambassador von Bernstorff met the new White House mistress for the first time. It was also the first occasion of his meeting President Wilson since this country has been plunged into various crisis with the Central powers. Countess von Bernstorff is not now in Washington and hence was not present at the function. Ambassador A. Rusten Bey of Turkey was also absent and Abdul Hak Hussein Bey, the Turkish charge and Madame Hussein Bey attended in place of the ambassador. Baron Erich Zwielenek, charge d' Affaires of Austria-Hungary pending the naming of a successor to Ambassador Dumba, whose recall was asked by this country, represented his country at the dinner. Countess Zwielenek is not in Washington. Stephen Panaretto the Bulgarian envoy and Mrs. Panaretto represented the fourth of the Central powers at the dinner.

To Oust The Wets

Pierre, S. D., Jan. 26—Despite previous defeats, prohibition forces today set out to get votes enough to put South Dakota on the water wagon at the general election November 7th this year. For five years the constitutional prohibition provision in the original code under which South Dakota entered the union, was retained. In the larger cities the provision was not enforced. The provision was finally voted out of the constitution and has remained out. Headquarters of the dries is at Mitchell, S. D. Revival gospel services are being conducted in various parts of the state under the direction of A. C. Rankin. Meetings ranging in length from one night to one a night for two weeks are being held. The state Sunday school organization is also working to mould sentiment against the saloon. The wets are lining up their forces to keep the saloons in.

DON'T TAKE A CHANCE

Brainerd People Should Act in Time

If you suffer from backache; If you have headaches, dizzy spells; If the kidney secretions are irregular. Don't delay—likely your kidneys are sick. Brainerd people recommend Doan's Kidney Pills. Here's a Brainerd man's experience:

William Bourquin, carpenter, 913 Seventh St., Brainerd, says: "I suffered severely from kidney and bladder trouble. The kidney secretions were too frequent in passage and I had backaches and pains through my side and loins. The trouble kept me from working and gave me no end of annoyance. Doan's Kidney Pills soon relieved me in every way." Price 50c at all druggists. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Bourquin had. Oppose Wilson's Proposed Tax on Autos and Gasoline

(By United Press)

Chicago, Jan. 26—The one-cent per gallon tax on gasoline and the fifty cents per horse power tax on automobiles, suggested in President Wilson's last message to congress, will be attacked by the Associated Garage owners of America in their second annual convention in Chicago today and tomorrow, according to E. J. McGuirk, national organizer. The convention is being held during the Chicago Automobile show. Five hundred garage men from all parts of the United States are expected to attend. The meeting was preceded by sessions of the Garage Owners association of Illinois, an allied organization.

One Man Filibuster Brings Quick Results

(W. G. McMurphy in Daily News)

Washington, D. C., Jan. 24—The one-man filibuster against unanimous consent legislation by the house of representatives, started by Cong. C. A. Lindbergh, of Minnesota, lasted just 24 hours.

At the end of that time, Robert Lee Henry, of Texas, chairman of the committee on rules, came to Lindbergh with assurances that the rules would be amended so as to permit the public business to get a show. During that 24 hours the victims of Lindbergh's filibuster had been laying the law down to Henry.

Two weeks before, when Lindbergh served notice on Henry that unless something was doing in the way of amendment to the rules, the unanimous consents would end at a certain day and hour, Henry pleaded that he was powerless to give any relief.

It took just 24 hours of the filibuster to show Henry and his colleagues on the rules committee that something would have to be done. And they have promised to do it.

Clear, Peachy Skin Awaits Anyone Who Drinks Hot Water

Says an inside bath, before breakfast fast helps us look and feel clean, sweet, fresh.

Sparkling and vivacious—merry, bright, alert—a good, clear skin and a natural, rosy, healthy complexion are assured only by pure blood. If only every man and woman could be induced to adopt the morning inside bath, what a gratifying change would take place. Instead of the thousands of sickly, anemic-looking men, women and girls, with pasty or muddy complexions; instead of the multitudes of "nervous wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening, and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle, but is sufficient to demonstrate the quick and remarkable change in both health and appearance, awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood while the pores in the thirty feet of bowels do.

Babies in Samoa.

Samoa babies can give points to Europeans apparently. According to A. S. Middleton in "Sailor and Beach-comber," they are much prettier and very intelligent. Moreover: They can swim at three months old; talk, run and sing at a year old, and if a Samoan had a child that sucked a dummy (presumably a comforter) at six years old and wailed droning along in his pram at an advanced age, as the children of the wealthy class of England do, they would look upon it as a great curio and smother it for shame on the first starless night.

John Bull.

The nickname John Bull is said to have appeared first in a satire by Dr. John Arbuthnot called "Law Is a Bottomless Pit; or, the History of John Bull," published in 1721. Washington Irving mentions the typical figure as a "sturdy, corpulent, old fellow with a red waistcoat, leather breeches and short, oaken cudgel. Many Napoleonic caricatures show John Bull represented in this way.

SUCCESSFUL NIGHT SCHOOLS ON RANGE

Supt. P. N. Haughtelin, of Crosby, Describes the Good Work Accomplished in

CROSBY-IRONTON DISTRICT

Women Study Sewing Materials, Men Get Practical Work. Urged to Take Out Papers

The Dispatch is pleased to print the following article by Supt. P. N. Haughtelin, of Crosby, on night schools of the Crosby-Ironton district on the Cuyuna iron range.

Supt. Haughtelin's night schools and his methods represent the most advanced ideas in giving foreigners a needed preparatory education so that they can realize and gain ideas on the value of American citizenship and the duties it entails.

His schools may well serve as a model to other communities and the time will come when no school district will be considered as doing its full duty until it sees that the foreigner so desiring and especially he who wishes to take out citizenship papers, is given an education in the rudiments of English and the principles of our government.

P. N. Haughtelin

In his article for the Dispatch Supt. P. N. Haughtelin says:

On December 6, 1915, in the schools of District No. 51, at Crosby and Ironton, classes were opened for the foreign population. The total enrollment for the initial night session was 94, 28 registering at Ironton and 66 at Crosby. Since that time the total registration has jumped to 212, with 133 at Crosby and 79 at Ironton.

Fourteen nationalities are represented with the Finns leading by a large majority. 129 of this race have enrolled. The Austrians are second with 28. Following is a table showing the distribution of the entire registration:

Nationality	Crosby	Ironton	Total
Finn	117	2	129
Austrian	2	26	28
Croatian		15	15
Swedish	4	9	13
Italian	1	7	8
Montenegrin		8	8
Greek		7	7
Norwegian	5	1	6
Serbian		2	2
French		1	1
Dane	4		4
Irish	1		1
English	1		1
Dutch	1		1
	133	79	212

At the present time, the average daily attendance runs from 75 to 85, or about 40% of the total registration. Although appearing at first glance, to be rather low, this compares quite favorably with the attendance records made in other schools of similar nature, such as classes for foreigners on the upper ranges. A large number who are included in the total enrollment have moved away recently. It must be remembered also that some of the pupils are prevented frequently from attending school for a week at a time owing to the shift at the mines in which they work. Of the 212 who are on the lists, 126 may be considered as enrolled at the present time. Of this number, 41 are at Ironton and 85 at Crosby.

Twenty of the pupils are women, all of whom are enrolled at Crosby. Miss Marie Jensen, second grade teacher in the Franklin building, first had charge of them for two weeks. Inasmuch as the women have had little opportunity to become acquainted with the English language, Miss Jensen's work was necessarily of a rudimentary nature. She was compelled to start in at the very beginning. However, before her two weeks were up, the women were able to read very well from the primer

and the first reader. Since this was just at the Christmas season, Miss Jensen taught her pupils "Holy Night." Although previously able to use but little English, the women sang this song very well, as far as both tone and expression were concerned.

During the Christmas vacation, Mrs. P. N. Haughtelin, wife of Supt. Haughtelin, had them in charge. Besides carrying on the work already begun by Miss Jensen, she introduced the study of sewing materials. In a short time, all of the pupils knew the names of many different kinds of cloth, also of other articles such as needles, pins, scissors, tape, thread, thimble, etc.

Miss Florence Hennemuth, first grade teacher at the Franklin, next took this class and carried on the same sort of work by taking up the study of household articles. She pasted pictures of pans, kettles, knives, forks, spoons, tables, chairs and a variety of other common articles about the house on card-board and directed their study to the women in this way.

The work given to the men is also of an elementary character, inasmuch as they also have had little opportunity for real schooling. Methods naturally vary with the teacher and the class of pupils in her care, but the subject matter presented by all is intended to be as practical as possible. Special emphasis is placed upon spelling, reading, history and elementary civics. Work in other subjects is given upon request. The aim of the entire project is to afford the pupils that work in which they are most interested. No attempt is made to force them to take up certain work. Such a move would probably result in their dropping out of school entirely. In a number of cases, the men have expressed a desire for higher work in arithmetic, composition and grammar. Simple grammar is necessarily taken in connection with reading, spelling and history. Considerable time is given to conversation, thus affording the pupils an opportunity to master the proper use of words.

The men have evidenced a particular interest in history and government, and in the majority of cases, have shown an intelligent understanding of these subjects. Especial stress is laid upon those topics of which some knowledge is necessary for the successful passing of examinations for citizenship papers.

A few weeks ago, an innovation in the way of reading the local papers was introduced and has proved to be an entire success. In addition to getting the news contained in the papers, the pupils also come into contact with a good, working, conversational vocabulary. In Ironton, the Ironton News is used, in Crosby the Crucible and the Courier, the editors having consented kindly to furnish each week a sufficient number of copies to supply all classes able to read them. It is planned to take up the reading of Duluth and other outside papers as soon as the students have mastered a vocabulary sufficiently broad to do so.

The ages of the pupils in these classes run all of the way from 14 to 55. The average age of the Ironton students is 26.75 years, while the Crosby students average 28.9. The grand average for the district is 28.24. The women whose ages run from 14 to 35 average 25.3 years. The men average 28.54 years.

An effort is being made to induce those who have not yet done so, to take out citizenship papers. Although a number of the men have dropped out entirely since registering and their records are consequently incomplete in this respect, yet it has been found that 25 have their first papers and 23 their second papers. In addition to this, three are American citizens and about thirty are minors and women.

That the foreign students are unusually quick to learn is amply proven by some of the work being done by the pupils who have been in school a very short time. One Finnish pupil, Fred Stahl, after being in night classes for five months at Cloquet and less than one month in Crosby, wrote the following paper without any help. The words at the left were given to the pupils to use in sentences:

1. mayor—The mayor executive the city ordinances.
2. town—My friend went down town.
3. congress—Congress make the laws.
5. village—My sister lives in a small village.

FARMERS OWN THE CARS

More Automobiles are Owned in the Country than in the Cities According to Census Report

Minnesota farmers are larger buyers of automobiles per capita than are city and village folk, according to the automobile census of Minnesota, just published. Minneapolis, St. Paul and Duluth are credited in the census with a total population of 700,000 and with 20,541 registered machines. The farm population given as 750,000, is credited with the ownership of 46,000 machines. The book is issued by The Farmer of St. Paul.

For Nov. 1, 1915, the total registration of cars was 85,392. The farmer-owned cars constituted 54 per cent of the total, according to the census.

The registration of cars from towns of less than 1,000 population is given as 36,594. The total population of these is less than 290,000.

BOBBY BURNS NOTES

On the way home from the Woodrow celebration "Fatty" Woods composed an epic poem sung to rag time and entitled "When Cooley Put the Paper on the Wall." It was dedicated without apologies to the eminent district engineer, R. M. Cooley of this city. A verse of the song punctuated every quarter mile between Woodrow and Brainerd on the way home.

"Burns was that tender hearted and observant," said P. T. Brown, "that he wrote a poem about a field mouse and one about a bug crawling on a lady's bonnet."

"We have got the Scots in the country to taking notice," said Wm. Waters. "The next St. Andrew's Night and Burns' Anniversary will be celebrated in Brainerd at Gardner's hall."

The best Burns story is told by the man who came home late in the morning and when his better half sleepily inquired where he had been, he said: "Celebrating Bobby Burns' birthday." And what did they give him for his birthday? said the lady, still half asleep.

Scotch hags were in evidence on the table, as were other Scotch viands.

Get Rid of a Racking LaGrippe Cough—It Weakens

For the severe racking cough that comes with lagrippe, Foley's Honey and Tar Compound is wonderfully healing and soothing. R. G. Collins, ex-postmaster, Barnegat, N. THEY CELEBRATED BURNS' BIRTHDAY

Brainerd Delegation of Scots Fraternizes With Scotchmen of Woodrow on Occasion

P. T. BROWN THE TOASTMASTER

Mr. and Mrs. Waters Entertain, Speeches, Toasts, Supper, Musical Program, Dancing

Woodrow Scotchmen celebrated Bobby Burns' birthday on Tuesday and Brainerd Scotchmen found it necessary to go to Woodrow to find enough congenial spirits to do honor to the greatest Scot of them all, Robert Burns.

Mr. and Mrs. Waters entertained in the large hall at Woodrow. A fine table graced with all the delicacies which a Scotch housewife can bake and stew and fry was the sumptuous feast which approached the nature of a banquet.

In the Brainerd delegation were Duncan (Scotty) Eaglesome, R. M. Cooley, P. T. Brown, Dr. A. K. Cohen, Joseph Britton, L. Pancratz, Harry Bellmuth, J. T. Schleiter, Fred Sargent, Thos. A. (Fatty) Wood John A. Hoffbauer. True, some of those enumerated are not Scotch, but they were Scotch at heart and sympathy.

The Woodrow guests included Mr. and Mrs. Peter Buchan, Mr. and Mrs. A. Aspholm, Mr. and Mrs. R. Friedsam, Mr. and Mrs. Wm. Waters, Miss Barbara Friedsam, William Myhill, E. D. Coventry, Mrs. Martin Leckseidt.

Young Peter Buchan, Jr., was dressed in kilts and manipulated a bagpipe. P. T. Brown presided. He announced two toasts, "The Land We Left" and "The Land We Live In."

Wm. Myhill responded to "The Land We Left." He said Scotchmen could not be blamed if their affections lingered with the old country. Men were just as good citizens if they retained their affection and memories of old Scotland. His remarks were heartily applauded.

John A. Hoffbauer responded to "The Land We Live In." He praised the United States as the greatest country in the universe, at peace with all. Woodrow town was named after President Woodrow Wilson and it was enjoying prosperity, and thriving in the arts of peace.

"Out in Brainerd," said the speaker, "Bobby Burns' birthday is passed by unnoticed, but here in Woodrow we find the loyal Scots assembled to do honor to the greatest poet of the ages."

Duncan Eaglesome spoke of Scotch patriots, sons and daughters, and paid a tribute to Scotch valor, prowess, honesty and hospitality.

P. T. Brown gave what was considered by many the finest exposition of Burns' life and poetry ever condensed in a short address. He quoted copiously from the great poems of Burns. He was heartily applauded.

Tom Woods sang "The Little Old Ford Rumbled Along" and then gave a composition of his own, playing his own piano accompaniment. R. M. Cooley and J. T. Schleiter were heard in a fine duet, and were applauded so much they had to sing it all over again.

Peter Buchan gave a fine recitation, "The Execution of Montrose" and with dramatic power rendered the selection. Dr. A. K. Cohen sang "Alice Where Art Thou," Mrs. Waters playing the accompaniment.

"Highland Mary" was sung by R. Friedsam. Mrs. Wm. Waters sang "We're All Scottish Here." Duncan Eaglesome, christened Harry Lauder, sang "The Reason Why I Wear the Kilts" and "I'm For the Noo."

After the program there was a dance, members of the company contributing the music. All in all it was a "braw Scotch night," and the shade of Bobby Burns could look with satisfaction on one glowing spot in Crow Wing county that had not forgotten him and his works.

Look About You.

It is wonderful how much one can learn by cultivating the habit of observation. As you walk in the street or ride in the car you pick up a surprising amount of information. Our fellow beings are intensely interesting, and they are constantly teaching us something or other. Do not let your knowledge stagnate. Put it to some practical use.

Cold Weather Aches and Pains

Many aches and pains, sore muscles stiff joints and much rheumatism, attributed to cold weather have their first cause in failure of the kidneys to properly eliminate waste matter from the system. Foley's Kidney Pills tone up weak and diseased kidneys, giving prompt relief from aches and pains. H. P. Dunn, druggist—Advt. mwf

OFFICERS LEARN VALUABLE FACTS

American Army Men Are at the Front in Europe.

PLAN TO BUILD LARGE GUNS

Colonel Treat of the War College informs Senate Military Committee That Steps Are Being Taken to Profit by Lessons of Conflict.

Washington, Jan. 26.—Some idea of what American officers are learning on the battlefields of Europe was given the senate military committee by Colonel Charles G. Treat of the army war college.

Much of what the colonel said was treated as confidential, but it is known that he told the committee there was an American observer with the armies of each belligerent nation and that their reports to the war college had been of great value in the preparation of new army plans.

Colonel Treat disclosed that the war department has definite information as to the famous 42 centimeter howitzers, which the Germans use to crush their way through French frontier forts. The guns can be fired without mounting them on concrete emplacements, he said, and made ready for use in less than an hour and a half after they reach a given point.

Both he and General Crozier told of plans for similar guns now being prepared in the war department. Primarily they will be used in coast defense work, although motor tractor plans for their use in field operations also are being worked out.

There is no reason to expect that trench warfare conditions will have to be met in this country, Colonel Treat said, and therefore the proposition of high explosive shells and shrapnel for field guns will not be altered as radically for the American army as the French and British have found necessary.

Describing the effect of high explosive fire at troops he said it had been noted abroad that the moral effect of the detonation of these missiles war far greater than that of shrapnel, although the latter was more deadly. A high explosive shell bursting at the head of a column, he said, while it killed fewer men than a shrapnel shell, would be more likely to check the advance.

The American 3-inch field artillery, the colonel explained, duplicated the French 75 in every respect but rapidity of fire, and experiments are in progress which, it is believed, will give the guns all the advantages of the French weapon.

In this connection, General Crozier said, experiments also were being made with the split trail equipment which might make the American guns superior to any now in use abroad except for a few used by the Italian army.

PLAN LARGER INCOME TAX FOR DEFENSE

Washington, Jan. 26.—Legislation to increase governmental revenues to meet the expenses of national defense is expected to take definite shape since doubt as to the constitutionality of the income tax has been removed by the supreme court's decision.

On all sides leaders expressed belief that the decision had paved the way for increasing the tax rate on great private fortunes to aid in paying for national defense. Bills to tax incomes of more than \$1,000,000 as high as 50 per cent are now before congress.

Representative Hull of Tennessee, author of the income tax law, expresses the belief that congress will take advantage of the decision to amend the law materially. He declares that without any unusual or unjust changes it can be made to yield an additional \$100,000,000 annually. The law now brings into the treasury \$85,000,000 to \$90,000,000.

Texan Was Accused of Killing Father, Mother and Brother.

Texarkana, Tex., Jan. 26.—W. J. Mayfield, fifty years old, was taken from the jail at Boston, Tex., and lynched by twenty-five masked and newly armed men.

Mayfield was held in jail charged with killing his father, mother and brother with an ax.

DR. F. A. COOK.

Discovers That "Wild Men of Borneo" Are Not Wild at All.

The wild men of Borneo are not wild at all, according to Dr. Frederick A. Cook, who arrived in New York on the liner Kristianafjord.

Dr. Cook said he did not find the men of Borneo living up to the reputation given them by P. T. Barnum. "Their only wild traits are headhunting and polygamy," he said. He had "a lovely visit with them."

One Dead; Five Injured.

St. Paul, Jan. 26.—Tony Johnson of Hastings, Minn., was killed and five other men were injured, one perhaps mortally, when the roof and two side walls of the People's Coal and Ice company ice house collapsed. The other men at work escaped unscathed when the roof of the building began to sink, the side walls spreading out and completely collapsing.

CERTIFICATE OF INCORPORATION of the WOODHEAD MOTOR COMPANY

We, the undersigned, do hereby associate ourselves together for the purpose of forming a corporation under and pursuant to the 1913 General Statutes of Minnesota and all laws amendatory thereof or supplementary thereto, and for this purpose do hereby certify as set forth in, and do hereby adopt as our certificate of incorporation, the following articles, to-wit:

ARTICLE I.

The name of this corporation shall be the Woodhead Motor Company.

The general nature of its business shall be to acquire, by purchase or otherwise, own, mortgage, pledge, sell or otherwise dispose of, distribute, handle and deal generally in all kinds of automobiles, motorcycles, motor trucks, wagons, and other motor vehicles of every kind, farm tractors, other mechanically propelled vehicles, motors of all kinds, gasoline and other engines, automobile and other motor parts, tires, tubes and other equipment, supplies, accessories, merchandise and personal property, promissory notes, mortgages and other securities, its own capital stock and the capital stock, bonds and other obligations of other corporations, and have and exercise in respect to such stocks, bonds, obligations and other property, at any time owned by it, all the rights, privileges and powers which a natural person would have or exercise; to borrow money, without security, or to secure the same by pledge, mortgage or otherwise; to operate one or more garages and garage shops, store, care for and repair automobiles and other motor vehicles, and to transact such other business and do such other things as may be incidental to, or necessary or proper to successfully carry on, any of the above business, all or any of which powers and business may be exercised and carried on either for itself or as agent for others.

The principal place for the transaction of the business of this corporation shall be in the City of Brainerd, in Crow Wing County, Minnesota.

ARTICLE II.

The time for the commencement of this corporation shall be January 18, 1916 and the period of its duration shall be thirty (30) years.

ARTICLE III.

The names and places of residence of the incorporators of this corporation are John F. Woodhead, Sewall D. Andrews and William W. Eastman, all of the said City of Minneapolis, of the State of Minnesota.

ARTICLE IV.

The management of this corporation and of its business shall be vested in a board of five (5) directors. They, except those hereinafter designated as the first board of directors, shall be elected by and from the stockholders at their annual meeting, which shall be held on the third Tuesday in January of each year at Ten (10) o'clock A. M., commencing with the year 1917, at the principal office of the corporation, except that said meeting and any other stockholders meetings may and shall be held in the City of Minneapolis, Minnesota, if the notice of such meeting shall so indicate, and the same shall be held at such place in said City as said notice shall specify. If the directors are not elected at the annual meeting, they may be elected at any regularly held special meeting of the stockholders. They shall hold office for one year and until their successors are elected and qualify (unless their places for any reason become previously vacant), except as hereinafter provided for the first board of directors, and except further if elected at any meeting subsequent to the date fixed for the annual meeting, they shall hold office only until the next annual meeting of the directors and until their successors are elected and qualify. In all elections of directors, stockholders shall be entitled to cumulative voting and may cast, for one director or distribute upon two or more directors, as each voter may prefer, the total votes which he is entitled to cast for all directors to be elected.

The officers of this corporation shall consist of a President, Vice-President, a Secretary and a Treasurer, any two of which said officers, except those of President and Vice-President, may be vested in one and the same person. They shall be elected by the board of directors from their number (except that the Secretary and Treasurer need not be directors) at the regular annual meeting of the directors, which shall be held immediately following the annual meeting of the stockholders, or as soon thereafter as may be practicable, and shall be held at the same place as the corresponding annual meeting of the stockholders is held, unless otherwise agreed to by all of the directors. If the directors are not elected at such annual meeting, they may be elected at any regular meeting or any regularly held special meeting of said board. They shall hold office for the term of one year and until their successors are elected and qualify, but if elected at any meeting subsequent to the date fixed herein for the annual meeting of the stockholders, they shall hold office only until the next annual meeting of the board and until their successors are elected and qualify. The board of directors shall have power to fill vacancies in its number or in any of the offices, at any of its meetings. The names and places of residence of the persons composing the board of directors of this corporation who shall hold office as such directors until the annual meeting of the stockholders in 1917, and until their successors are elected and qualify, are John F. Woodhead, Henry DeGerr, Sewall D. Andrews and William W. Eastman, all residing in the said City of Minneapolis, Minnesota, and Charles W. Hoffman, residing in the
